The Annual Meeting and Fall Pilgrimage of the Maine Hotel Association, a combination business and social gathering of the Maine hotel men and women following the busiest season in years, will open on Thursday with an Executive Committee meeting at 4:00 p. m. and close with a 12:30 luncheon meeting Saturday.

Friday's program includes golf and other outdoor activities in the morning and afternoon and the annual banquet at 6:30 in the evening followed by entertainment and dancing. The annual business meeting is scheduled for 10:00 a. m. Saturday.

Other distinguished out-of-state guests will include Calvin D. Crawford, Cotuit, Mass., president of the New England Hotel Association; Harry S. Morehouse, Boston, secretary, NEHA; Warren Swift, Sugar Hill, N. H., president of the New Hampshire Hotel Association; and John W. Moroney, president of the Rhode Island Hotel Association.

An advance registration of more than 100 is the largest in the history of the Maine association. It is the first meeting of the group in Bethel and may be the first meeting of any state-wide organization at the Inn. O. T. Rozelle, town manager, will extend greetings to the group on behalf of the town of Bethel at the banquet Friday night.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

I would like to extend thanks to the people who have already contributed and to those who may contribute shoes and clothing; these things are appreciated by the recipients very much. Also thanks to the following people who have used their cars for needed transportation to and from hospitals. Recent trips have been made by Abbie Brown, Mary Paine, and Marie Nichols; and we have the following who have indicated their willingness to drive if needed: Norma Buck, Mary Keoske, Barbara Brown, Barbara Bryant, Margaret Trivard, Frances Saunders, Rachel MacKay and Polly Davis.

Please note the Special Town Meeting Friday evening at Seven o'clock, Odeon Hall. Action on a slight proposed change of Elm Street. Action on acceptance of two Cemetery Trust Funds. Also we may have the offer of a plot of land at the intersection of Paradise and Broad Street for a park.

Do you as a voter favor another park in Bethel? Are you as a taxpayer willing to have the Town keep up this Park?

O. T. Rozelle

The Week in Oxford County

Gerard J. Callant, 24, of Rumford was accidentally shot while bird hunting in the Dixfield-Canton area on Tuesday. His condition was reported Tuesday night as good. He is a patient at the Rumford hospital.

Brownie Troop No. 6 met with their leaders, Sylvia Sloan and Mary Paine. We sang the "Brownie Smile Song" and said our Promise. We went to Locke's Picnic Ground for a picnic. There were 11 Brownies present. Jane Lutton, Sec.

Ralph Hilton of Dearborn was killed in an automobile accident on the Bridgton road Friday. Police reported the car hit a soft shoulder and rolled over. Mr. Hilton was a farmer and woodsman. He was 61 years of age.

A TRIBUTE TO MRS. WILLIAM JEWELL UPSON

Sincere grief and a sense of loss are far reaching at the unexpected passing of Mrs. Upson. A busy and useful life is done and many mourn.

She was a State of Maine woman, born here and by choice lived her life in Maine. During the summers she returned to the coast for a few happy months in the town of her childhood. Always at the end of summer she was anxious to return to Bethel, her adopted town, and resume her busy days at her pleasant home on Broad Street.

Since the death of her husband in 1936 her sister, Frances, has shared her home and they were joined during the last year by another sister, Leonora. Home making and her friends and neighbors were her interests. Her fondness for beauty was evidenced by beautiful pictures, objects of art and daily fresh flowers that helped make her living gracious.

In event of sickness or death or emergency her automobile and driver were first to be offered for transportation of sick neighbors and afflicted friends to and from hospitals at any distance.

Only her business associates knew the extent of her quiet charities. She was a pillar of dependability and strength in her church, the Ladies Club, the Sunday School, and the Library Association of which she had been a long term and valued trustee.

With sympathy for her devoted sisters and a feeling of gratitude for her happy sojourn in our town, we think of her, at rest beside her beloved husband on the sunny slope in the seclusion of Woodlawn Cemetery.

"Faith is the substance of things hoped for, the evidence of things not seen."

MRS. WALTER E. KNIGHT

Mrs. Sarah Ella Knight died at her home in Woodstock on Monday, Oct. 10, at the age of 87. She was born on Howe Hill, Greenwood, on February 26, 1868, the only daughter in the family of eight children of the late Kingsbury T. and Angelina Thorne Bryant. She attended local schools and was a member of the class of '88 and '89 of Gould Academy.

In 1889 she was married to Howard Vincent Chapman of Bethel, who died in 1908. They had four children: Mildred, now Mrs. Myron Scarborough of Hulet, Wyoming; Arthur, deceased in 1953; Hilda, deceased in 1953; and Florence, now Mrs. Francis A. Bean of Woodstock, with whom she made her home.

Her second marriage was in 1902 to Walter E. Knight of Bethel. For many years they lived on the Gore Road in Woodstock. Mr. Knight, one of few men with similar native skill on the violin, is remembered by the older friends as an accomplished old-time fiddler. He passed away in 1930.

Mrs. Knight belonged to the West Parish Congregational Church in Bethel. She was a member of Jefferson Chapter, OES, and of Franklin Chapter, Bryant Pond, of which she had become an honorary member.

Besides the two daughters above mentioned she is survived by a brother, Herbert M. Bryant, of Bradford, Mass., eight grandsons, and 23 great grandchildren.

Funeral services were held at the Andrews funeral parlors, at South Woodstock this Thursday afternoon with Rev Charles Peniston of West Parish Church officiating. Burial at Riverside Cemetery, Bethel.

Donald Fraser was in Togus on Tuesday.

MRS. HARRY F. INMAN

Mrs. Charlotte C. Inman died Wednesday afternoon at the CMG Hospital, Lewiston, where she had been a patient nine days.

Mrs. Inman was born in Stow Feb. 1, 1870, the daughter of Edgar and Lucinda Cummings Andrews. She was educated in Maine and New Hampshire, where she taught in grade schools. Oct. 3, 1893, she married Harry F. Inman at Bethel. They resided in Bethel until going to West Paris about two years ago.

Besides her husband, she is survived by a son, Walter, West Paris; two brothers, Eugene Andrews, Norway, and Lucien Andrews, Albany; a sister Mrs. Eva Morrill, Bethel; three grandsons, Vernon and Milton Inman, West Paris, and Byron, U. S. Navy; and four great grandchildren.

Funeral services will be held at 2 o'clock Saturday afternoon at the I. W. Andrews & Son funeral home, South Woodstock. Rev Donald Hineckley will officiate. Burial will be in Riverside Cemetery, Bethel.

GOULD PARENTS' DAY DRAWS RECORD CROWD SATURDAY

The rain and fog failed to dampen the spirit and enthusiasm of the record crowd of parents, trustees and guests who converged on the campus from far and wide for Parents' Day on Saturday. Final registration figures for the day showed the following class representations by parents: Seniors, 69.9%; Freshmen, 42.6%; Juniors, 69.7%; Sophomores, 63.3%. Average 53.5%.

Football Game
The campus visitors saw Gould get its first football victory of the year by defeating Norway 6-0. The Huskies scored early in the first period and then had to hold off a determined Norway eleven that completely outplayed them the last half. Bob Crane took the opening kickoff on his own 15 yard line and ran it back to the 41. The remaining 59 yards were clicked off in just nine plays as Alan Lamson circled his own left end for 24 yards and the game's only score.

In the second period the teams battled on equal terms with Norway making four first downs to Gould's three. The first of five 15 yard penalties deprived Jim Murphy of a neat 25 yard T. D. run.

It was in the last half that Norway had the Huskies reeling. They produced 10 first downs to none for Gould but did not have the punch to put over the equalizing score. Another brilliant run for 62 yards for a touchdown by Dick Roberts was nullified in the fourth period as Gould was penalized for clipping. In the third period Norway marched from their own 17 yard line to the Gould 9 where they were held on downs. In the fourth period they got to the 12 but were held by the hard fighting Huskies. As the game ended Norway was again threatening on the 11 yard line with the first down coming up. The visitors had a total of 14 first downs with seven for Gould. Norway's passer, LeBrooke, connected for 8 out of 17 passes for a total of 96 yards. The home team passed twice and both were good for a 27 yard total.

The biggest Parents' Day crowd had much to be thankful for as the final whistle blew. It was Gould's first win of the season and helped celebrate Parents' Day.

Griegs Purchase Bethel Landmark

The purchase last week of the three story wooden building of Harold Chamberlin by Mr. and Mrs. Norman Grieg, indicates the coming improvement of a property which has been neglected for several years.

The building was once operated as a boarding house by Mr. and Mrs. Erving A. Smith prior to its purchase 35 years ago by the late M. A. Naimy. After building the brick building now owned by Mr. and Mrs. Grieg, Mr. Naimy moved the building to the street line and remodeled it to provide for a store, barber shop and four or more apartments.

Definite plans are not announced yet but the new owners are considering reducing the structure to one story height if practical or razing the entire structure.

PTA DRIVE FOR FUNDS

The annual PTA membership drive is being held all this week and everyone is urged to help. The PTA has many worthwhile projects for the purchase of school ground equipment, grading of the school grounds, hot lunch equipment, etc. There are two kinds of memberships, an active and an inactive. This means that all individuals, not just parents, are invited to assist. Children through the first six grades are selling tickets. Prizes will be given to the children as an incentive, and the grade selling the most tickets will be given a party.

It is not too late to attend the Music Group which meets every other Thursday from Oct. 13 on. Anyone interested in any phase of music will be warmly welcomed.

BETHEL NEWS ON PAGES 4, 5 & 6

BUNDLE WEEK FOR COLLECTION OF USED CHILDREN'S CLOTHING

Last week a notice of the dates Oct. 17-21 were given as "Bundle Week" in the Bethel Village and Locke Mills schools. This is being co-sponsored by the local public schools and Save the Children Federation. These schools take part in this clothing drive with the understanding that none of the clothing collected will go out of this area which can be used here. After what can be used here has been sent aside, the remainder will be sent on for use in disaster areas all over the world.

What do you do if it's very simple. Just clean out your closets and bureau drawers all the clothes you and your family no longer need or want but which are still clean and wearable. You'll never miss them, and they'll mean so much to shivering children. Put clothing in a bag, box, or other container and have it ready if possible on Monday P. M. Oct. 17 for collection by the school children. If you live outside the villages, send in by the school child living nearest you, or if that is not convenient, call the Crescent Park School, Bethel 177, and someone will pick it up.

The need for warm children's clothing cannot be stressed too greatly and therefore gets the major emphasis in this drive. However, any clean, wearable clothing is acceptable.

Remember that "clothing" includes shoes, mittens, baby clothes, etc. even sheets and blankets are acceptable. The more the better—and many thanks for your generous efforts.

The drive is for the week of Oct. 17-21, but please try to have clothing ready by Monday P. M. Oct. 17 if possible. —D. St. Christie, Supt. of Schools.

Dr. Boynton will be away for study Thursdays through December 1.

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare

When the Tennessee Valley Authority was created in 1933, Congress specified its principal purpose in these words: "To improve the navigability and to provide for the flood control of the Tennessee River." Hydro-electric power was merely a by-product. And no one so much as thought of TVA going into the steam-power business.

By 1946 TVA, according to its own report, had completed the job of harnessing the river. It had accomplished its principal purpose. Thereafter the emphasis was on more and more power development. By the middle of last year, TVA's assets relating to its power program were over \$1,100,000,000 and, of great significance, some 67 percent of TVA power came from steam plants. TVA plans and proposals call for continued steam plant construction, all the hydro sites have been developed.

These are simply facts. They are important, not only because of TVA itself and the direction its growth has taken, but because TVA is a symbol of the public-power versus private-power issue. And that issue will be hit hard, by both sides, in next year's general election.

Early this year President Eisenhower requested TVA to work out a plan to make its power operations self-supporting. The President's concern over TVA was explained by him in these words: "If the Federal Government assumes responsibility in perpetuity for providing the TVA with all the power it can accept, generated by any means whatsoever, it has a similar responsibility with respect to every other area and region and corner of the United States." In other words, the government would wind up with a power monopoly.

Just how much TVA costs the country's taxpayers is a bitterly debated point. The Chamber of Commerce of the United States has compared TVA with a private utility, a similar system, in an attempt to find out the extent of TVA's subsidy. It put the total at more than \$251,200,000—made up of taxes not paid by TVA, interest on the investment not paid by TVA, and high allocations to navigation and flood control features of

multi-purpose projects. The Chamber, a Hoover Commission Task force, and other groups have proposed measures for putting TVA on a self-sustaining basis. The principal recommendation is that TVA be required to develop a new power rate structure which would reflect all the costs—interest, taxes, amortization, etc.—that would be paid by a comparable private utility. At present, TVA pays no federal taxes, and makes comparatively small payments in lieu of taxes to local government.

Save for differences of detail, all the federal power projects are cut from the same bolt of cloth. Without arguing their merits or evils, it is certainly a fact that the growth of these projects has been enormous in a short span of years, and that they have been given vastly expensive privileges that are denied private enterprise working in the same field. It is also true that the public-power partisans solidly oppose taxing the government systems. In addition, they oppose the Administration's partnership idea, whereby the government undertakes the non-commercial phases of multi-purpose projects, such as flood control, and taxpaying private enterprise undertakes the commercial phase of producing electricity. The pros and cons of all this will be debated endlessly when the campaign gets underway. National socialism versus free enterprise is the issue.

THE LOW DOWN FROM HICKORY GROVE

For folks who figure that a gift from our Uncle Samuel — like matching money for 100 and upwards projects — is a gift, have a couple guesses coming. And in the second place, it is something like Louie Winthrop's dog. Louie was up in court on account a guy claimed Louie's dog hit him. Louie said, Judge, Judge, he says, my dog in the first place would not stoop to bite such a no-count, low-life as this Cassidy. And in the second

UPTON

— Mrs. C. A. Jenkins, Corres. — Guests and callers at Ellawatha Homestead Sunday were Mr and Mrs Raymond Swan and family, the Tebbets family of Locke Mill; Mr and Mrs Albert Jenkins and family of Rumford Point; Mr and Mrs Clayton Campbell and family of Erol, N. H.

Mrs. Stibel Andrew of Pittsfield and Mrs. Davis of Augusta were guests of Mr and Mrs C. A. Jenkins Saturday.

School closed at noon Wednesday last week. Mrs. Elizabeth Richards, the teacher, attended the State Teachers Convention at Bangor Thursday and Friday. She returned to Upton Sunday afternoon, after visiting her daughter and family in Andover. Mr and Mrs Bernard Hutchins and family brought her to Upton.

Mr and Mrs Kendrick Jenkins took a trip to Franklin, N. H., Saturday.

The DHIA milk tester was in town over the week end.

A baked bean and casserole supper will be held at the Grange Hall Saturday this week, Oct. 15, 6 to 7 o'clock.

BEAR RIVER GRANGE

Bear River Grange met at their hall Saturday night, Oct. 8, with WM George Stearns in the chair. The new furnace is at the hall and will soon be in place. The cement foundation was poured last week. Several from Bear River Grange attended Bonanza at South Waterford on Oct. 4.

Don't forget this coming Saturday night is that good "Bean Hot Dinner Supper" at Bear River Grange Hall. The tables will be loaded and ready for all that are starving at 6:30. There will be salads, brown bread, rolls, coffee and assorted pies and gallons of that good old "red flannel" hash. Makes you hungry, doesn't it? Really you cannot afford to eat at home that night. This is for the furnace fund, so take your relatives and come over.

There will be a two hour entertainment for you after supper. The entertainment will be free, and the lecturer has a "hang up" good one for you to sit in on for two whole hours. Tell all your friends and neighbors. We expect Roy Wardwell there—probably he will tell a story or two. We will see you Oct. 15, we hope.

FIRE PREVENTION WEEK - OCTOBER 9-15

ond place, Judge, said Louie, I never had a dog in the first place. The guess or surmise by the towns, states, counties, and sundry that they are getting something for nothing, is going to turn out in the second place and in the cold dawn of the next day, to be quite an optical illusion or some such gimmick like a 10 cent cupie doll costing the sucker a buck or more at the Carnival the day before. The gifts from Samuel are just a fraction of the Federal tax collections from the States, including social security. Here's how.

From sources such as the census bureau, social security reports, treasury dept. reports and State financial reports, a tabulation has been made and published, showing that for the 48 states \$6.99 in tax-out are paid by the average state every one buck returned via gifts, etc. Cold figures are these—and in the second place but few of the project were directly needed in the first place. Putting in \$6.99 and getting back one buck only, don't make us look too astute, eh? Well.

Yours with the low down, JO SIERRA

DALE CARNEGIE

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

W. Redfield, 48 Grape Street, New Bedford, Massachusetts, says that he had been working on his first job about two years when he realized he had no future ahead of him. He didn't have a college education, had not even finished high school. After talking with his fellow employees, he found that they were complacent and had no desire to get ahead; they were all waiting for "a break." They offered suggestions but they knew little beyond how to hold down their individual jobs. He was so worried that he couldn't eat, and often awoke in the night with concern for his future. Just as a tired swimmer looks for a log to grasp for reaching the shore, so he looked for something solid to grasp in his search for security.

CARNEGIE

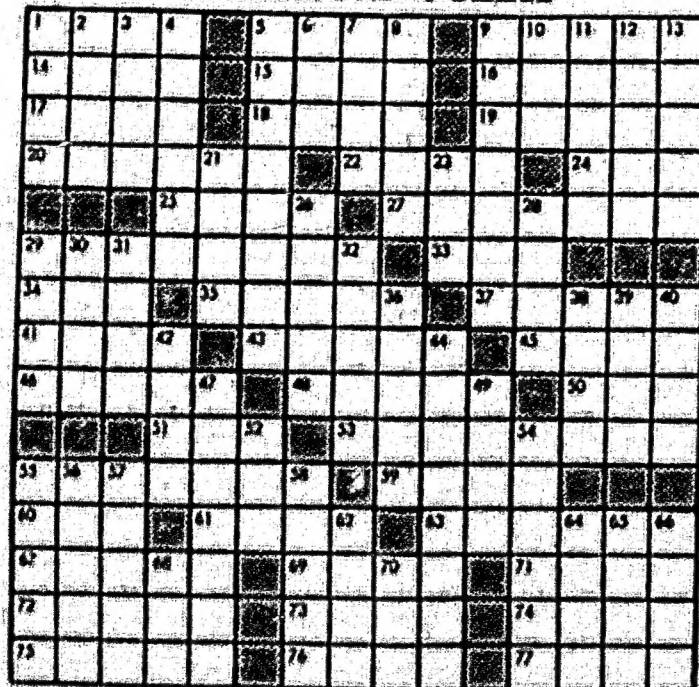

One day he answered a correspondence school advertisement; soon after one of their representatives called, and sold him a course to study that would relieve his nervous tension and help him up the ladder; but most important, he instilled in him the necessity of having a definite aim. After a discussion, he decided that his aim should be that of assistant manager.

Over a period of years he took four home study courses—and reached his aim—assistant manager of the organization.

Since that time he has set up several aims to work for and each time he has attained them.

He declares that all that he needed was to believe that he could achieve his goal if he would study and work.

GRASS ROOTS OPINION
Myrtle Beach, S. C., News: "Although the newspapers of the state each have their own characteristics, reflecting generally the communities they serve, there is one transcending principle by which they live—the desire to serve what they honestly believe to be the best interests of their communities, their state and their nation. . . . When the voice of the press and the voice of the people join in a common crusade, public opinion—that fountainhead of power in our free nation—reaches its greatest effectiveness."
Italy, Tex., News-Herald: "In almost every country except ours the editor operates under such restraint that it is almost impossible to present any viewpoint except the official one."

Norfolk, Va., Times-Advocate: "Seems a pity, but more than a million American kids are making the mistake of their lives this week. . . . They're passing up the chance to finish out high school. Why all this hullabaloo about high school? It's not the dates in the history books or the names in geography you learn, although those may help. High school trains men and women to think straighter, to think things out—an ability you pick up while you're figuring out the answers to tough questions."

Loving Sparky is not enough!

Millions of children all over America love Sparky, the national symbol of fire prevention, but unless they learn and abide by Sparky's rules we can not hope to cut down the number of fires that start each year. Adults can protect their families, their homes and their jobs by not giving fire a place to start!

Everyday all over our country fires snuff out the lives of men, women and children—yearly destroy almost a billion dollars worth of property—put people out of work and leave thousands injured and maimed.

Nine out of ten of these fires could have been easily avoided by the observance of the simple family rules of fire prevention: Don't smoke in bed — Don't use flammable cleaning fluids — Don't use frayed electric cords — Don't let children play with matches — Don't let junk accumulate in the attic, basement and closets — Don't overload your wiring system — Don't use ordinary extension cords on heaters and irons — Don't be careless with cigarettes — Be careful of oil stoves and watch out for sparking chimneys!

Don't gamble with fire, the odds are against you. Remember Sparky says:

DON'T GIVE FIRE A PLACE TO START!

KIDS! JOIN SPARKY'S FIRE DEPARTMENT NOW!

You can become an official member of Sparky's great fire department and join thousands of other children all over the country who are learning how to prevent fires in their homes. Send 25¢ to my fire department in Boston and I will send you a handsome Inspector's badge, a colorful membership card and an official Inspector's manual which

will help you prevent fires in your home. My fire department is a non-profit project of the National Fire Protection Association. Send your request to:
